

ES Data Burst November 2012

Update on TNWG Emergency Services in 3 minutes or less...

Budget Increase – We have received an additional \$9000. We are not sure when we will receive more but we will be funding missions at planned levels going forward.

Van Donation – Tennessee wing has received the donation of a former News Van. The Van is equipped with 4 wheel drive, a 7000 watt generator, and a 42’ pneumatic mast. We will be installing CAP radios and antennas on the mast. This vehicle will allow us to operate in areas where the MCP trailers will not fit. It can also support an MCP with power and antennas.

Joint Exercise with ALWG – The planned Joint exercise with Alabama Wing may be canceled or changed. They have been told that they must do an ops eval this year and it will be at that event. We might still be able to participate in some capacity. I will provide updates as soon as I learn any new information.

Lafayette SAREX – The SAREX at 3M7 was a great success. We had a great turnout and accomplished a lot on a small budget. The ground teams exercised in conjunction with a local fire department / rescue squad. The observers were very impressed with the professionalism and attitude of the cadets on the ground teams. Good job folks! We also spotted and reported a small forest fire during the exercise.

Event Pre-registration – The number of folks pre-registering for events is still going up. Here is the link for future reference: <http://tnwg.cap.gov/pr/register.php?operation=insert> This link remains the same for every event. Save it in your browser favorites for convenience.

FY13 Actual Missions
[None yet]

Training Calendar for FY2013

Date	Event	Location	Project Officer
