

ES Data Burst

August 2013

Update on TNWG Emergency Services in 3 minutes or less...

SAREX in Springfield – July 19 – 22 2013. The Springfield event had a great turnout of around 60 participants. We did a great deal of training and had a great time. Weather was marginal but we reached our budget target.

SAREX in Morristown – July 26 – 29 2013. There was a much smaller turnout for this exercise. We still managed to use a reasonable portion of the budget. Ground training was limited to UDF and STAFF as there was no qualified GTL in attendance.

SAREX in Cleveland – Aug 9 – 12 2013. This exercise was previously listed as Athens. It has been moved to the brand new facility at Cleveland. We have a budget of \$3500 for this exercise and we have a lot of training planned. There will be GIIEP, Ground and Air, Staff and IMU training. Hope to see you there.

SAREX in Lebanon – Aug 23 - 26 2013. Lebanon is a great central location for an exercise. This will be the last SAREX of the Fiscal Year.

ES School in Sparta – Sept 6 – 9 2013. There will be another ES school to close out the Fiscal Year. We have not gotten final confirmation from FEMA but we hope to offer FEMA led classes in Shelter Operations and Point of Distribution Management. These are key ground missions that we have been asked to undertake in the past for the American Red Cross and TEMA. We will also have the complete GIIEP course as well as IMU, Air, Ground and Staff Task training.

TN Wing GIIEP Kit – National is issuing a GIIEP kit directly to Tennessee Wing. The existing kits are issued to the Tennessee National Guard and are loaned to us when needed. This new kit will be ours full time which will allow us to respond to missions faster and support additional training throughout the year.

Budget Status				
Allocated	Expended	Remaining	FY % Done	% of Target
\$ 40,649.71	\$ 22,364.17	\$ 18,082.86	84%	-29%

FY13 Actual Missions - Tennessee Wing has 5 finds		
Mission	Date	Description
13-M-0258	6/8/2013	Airborne 121.5 reports over Nashville. Located at MQY.
13-M-0229	5/25/2013	121.5 ELT near Centerville. Located at Hoenwald Airport.
